

Pressure Regulators

Applications

For use in drip and sprinkler irrigation systems.

Features and Benefits

- Provides instant response to variations in pressure.
- Regulating unit has stainless steel spring and screw and EPDM rubber diaphragm creating a tight seal eliminating leakage.

3/4" Low Flow

3/4"

1 1/2"

2" x 4

2" x 6

3" x 10

Air Vents

Applications

For release of large volumes of air at the end of mainlines.

Features and Benefits

- Offers more air release capacity than other vents of similar size.
- Made of corrosion-resistant reinforced UV protected nylon - no metal parts to rust or corrode.

1" Combination Air/Vacuum Relief and Continuous Acting Air Vent

3/4" & 1" Guardian Air & Vacuum Relief Air Vent

2" & 3" Guardian Air & Vacuum Relief Air Vent

Pressure Regulators and Air Vents		
Code	Description	Flow (GPM)
32PRVLF-15	3/4" Low Flow Regulator 15 psi	.25-4.4
32PRVLF-20	3/4" Low Flow Regulator 20 psi	.25-4.4
32PRVLF-25	3/4" Low Flow Regulator 25 psi	.25-4.4
32PRV.75-XX	3/4" Regulator	3.5-17.6
32PRV1.5-XX	1 1/2" Regulator	7-35
32PRV2X4-XX	2" Regulator including 4 springs	14-70
32PRV2X6-XX	2" Regulator including 6 springs	21-105.6
32PRV3X10-XX	3" Regulator including 10 springs	35-175
Substitute XX with desired pressure		
Pressures Available: 9,12,15,20,25,30,35,43		
Code	Description	Price(\$)
Aria1	Air vent/vacuum 1"	49.56
Aria2	Air vent/vacuum 2"	88.81
Aris1	Auto air/vacuum relief 1"	195.75
Arib2	Auto air/vacuum relief 2"	374.30
